# **Amendment of the Anti-Money Laundering Law**

## **Project Status Report**

**Prepared by the SPI Secretariat  
Oana Nedelescu, SPI Director of Analytics and Policy**

### **I. Actions undertaken in April – June 2007**

#### **April 2007**

The law amendment proposal prepared by the PWG was approved by the SPI Committee, *marking the successful achievement of the project objective*. The SPI Committee members asked the Ministry of Economy and Finance (MEF) to take the legislative initiative and expressed their support throughout all the enactment process.

#### **May-June 2007**

The law amendment proposals undertake an internal review process by MEF. The SPI Secretariat liaised on an ongoing basis with MEF on the legislative proposal enactment and provided all the necessary enactment documents: impact assessment analyses, EU directives compliance tables, etc.

#### **June 2007**

The PWG is informed that another proposal for amending Law no. 656/2002 is in under preparation by the AML Office with the support of Transparency International. The law amendment proposals aim at aligning the ML/TF sanctioning with international practices and have to be sent to the Parliament by September.

### **II. Proposed next steps**

**SPI Secretariat** will continue to provide support to MEF in the enactment process. Also, in order to speed up the enactment of the SPI law amendment proposals, the SPI Secretariat will support MEF to ensure coordination of the two legislative initiatives.

**The project management group** will participate in the parliamentary specialized commissions' discussions when the law amendment proposals will be discussed.

### **III. Proposed SPI Committee decision**

The SPI Committee will continue to monitor the progress with the new law enactment.
